MANAGEMENT DISCUSSION & ANALYSIS

A. INDUSTRY, STRUCTURE, DEVELOPMENT AND OUTLOOK

The Indian seafood export industry holds a significant position in the global market, showcasing the country's diverse aquatic resources and culinary heritage.

During the financial year 2024-25, despite various challenges in significant export markets, India shipped 16.85 MT of seafood worth (US\$7.20 billion) marine products. The growth trajectory is continuing into FY 2025–26, despite concerns around proposed tariff hikes by the United States, India's largest Seafood market.

Frozen shrimp remains the top exported product, accounting for over 40 percent of the total quantity and 66.12 % of export value. Frozen shrimp remained the major export item in quantity and value, while the USA and China became the major importers of India's seafood.

India's competitiveness and higher price realisation in seafood exports are being supported by the Pradhan Mantri Matsya Sampada Yojana (PMMSY). This central scheme promotes a wide range of activities across the fisheries value chain. These include improved fish quality, expansion and intensification of brackish water aquaculture, and promotion of export-oriented species. The scheme also focuses on the infusion of modern technology, disease management, traceability, and training. Additionally, the development of post-harvest infrastructure, coldchain systems, fishing harbours, and landing centres has significantly boosted seafood production and export capabilities.

India is now aiming for an export turnover of \$18 billion (Rs 1.57 lakh crore) by 2030. This target is outlined in the Vision Document – 2030 for India's seafood exports, formulated by the Marine Products Export Development Authority (MPEDA), which operates under the Ministry of Commerce.

B. OPPORTUNITIES& THREATS

India ranks as one of the top seafood exporters, contributing substantially to the nation's economy and providing ample livelihood opportunities for coastal communities. In recent years, the industry has witnessed considerable growth, propelled by increasing demand for seafood across international markets.

Driving Factors behind India's Marine Export Growth:

The key contributors to the rise in marine export volume and value in 2025 include:

- High Demand for India shrimp, Cuttlefish in US and EU markets
- Expansion of aqua culture farms in Andhra Pradesh, Gujarat & Odissa.
- New Trade Agreements Signed with Asian and Middle East Countries.
- Government Incentives under Marine Export Policy 2025.
- Sustainable and traceable fishing practises adopted by Indian fisheries.

These factors are positioning India as a reliable source of high quality marine products, especially in the face of supply disruptions from other countries. The country's competitive pricing, high-quality produce, and compliance with international food safety standards have positioned it favorably in the global market, driving sustained export growth and contributing significantly to the overall expansion of the shrimp market in India.

The growing awareness of the health benefits of fish and sea food consumption, coupled with the rise in demand for sustainable and ethically sourced food, has led to a shift towards locally sourced and eco-friendly sea food options. Additionally, the popularity of e-commerce channels for purchasing food products has made it easier for consumers to access a wider variety of fish and seafood options, including premium and exotic varieties. As a result the sea food companies are investing sustainable practices and certifications to meet consumer demands. This trend is expected to continue, with potential competition and the need to adopt to changing consumer preferences. Furthermore, the rising government support through favourable policies, subsidies, and research and development (R&D) initiatives that improves production efficiency and ensures adherence to environmental regulations is contributing to the market growth.

Shrimp is known for its quality, competitive pricing, and compliance with international standards, making it a preferred choice in the global market. Moreover, the increasing demand of shrimp-based cuisine and the growing consumer preference for protein-rich seafood within India has accelerated the product growth. Apart from this, the widespread adoption of shrimp in various dishes and the country's diverse culinary traditions have augmented the demand for shrimp among Indian consumers.

Despite the positive forecast, India's Marine Export Industry faces several challenges exclusive of diseases and pollution:

- Rising Operational Costs due to fuel prices and packaging expenses
- Delays in port logistics due to global supply chain bottlenecks
- Need for better training of workers in processing units to meet export standards.

India's seafood industry, particularly its shrimp export sector, is facing significant headwinds in FY 2024–25 due to a combination of global competition, regulatory pressures, and the proposal for imposition of steep U.S. tariffs. This move threatens to reduce export volumes by 7–9% and compress operating margins by up to 100 basis points, putting pressure on exporters and shrimp farmers alike. With nearly half of India's shrimp exports going to the U.S., the industry is grappling with suspended orders, renegotiated contracts, and fears of losses on shipments already in transit.

Compounding the tariff shock is intense competition from countries like Ecuador, Indonesia, and Vietnam. Indian exporters also face logistical bottlenecks, limited cold chain infrastructure, and rising compliance costs due to stricter sustainability and residue standards. While the government has responded with infrastructure investments under PMMSY and is pursuing trade negotiations to ease tariff burdens, the industry's over dependence on the U.S. market and slow diversification efforts leave it vulnerable. The livelihoods of over 20 million people tied to the seafood value chain are at stake, making this a critical moment for strategic intervention and policy recalibration.

C. RISKS AND CONCERNS:

Pursuant to SEBI Listing Regulations, the Company had since constituted a Risk Management Committee. The details of the Committee, its terms of reference are given in the corporate governance report. The methodology for risk management primarily involves mapping of risks with strategy, assessing the risks on its importance, identifying de-risking measures, and assigning it to risk owners and continuously monitoring the status of the risks. The risks were categorized into strategy and planning, operations and compliance and the risks associated with each risk category was further classified and identified as 'critical', 'major' and 'moderate'. The company does not foresee any critical / major risk, as it had given its farm on long term lease by another seven years from July 2020. The lessee had been meeting their commitments as per the lease agreement. The maintenance and compliance expenses of the company are taken care through the lease income; hence, the company does not foresee any major risk for its operations in the short and medium term, except in the event of costs for additional regulatory measures.

The management periodically reviews the risk management framework to identify the major business risks as applicable to the Company and works out their mitigation strategy.

D. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

Given the operations, the Company has well-established processes and defined the roles and responsibilities for people at various levels. The control mechanism also involves well documented policies, authorization guidelines commensurate with the level of responsibility specific to the respective businesses. Adherence to these processes is ensured through frequent internal audits. The internal audits conducted are reviewed by the Audit Committee and requisite guidelines and procedures augment the internal controls. The internal control system is designed to ensure that financial and other records are reliable for preparing financial statements and other information which ensures that all transactions are properly reported and classified in the financial records. The Company had given its farm on seven years long term lease and did not carry any other business operations during the financial year 2024-25.

E. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

The financial statements are prepared in compliance with the requirements of the Companies Act, 2013 and Generally Accepted Accounting Principles in India including Ind AS. The management accepts the responsibility of integrity and objectivity of the financial statements and the basis for various estimates and the judgments used in preparing the financial statements.

The company extended the lease agreement of its Farm for a period of 84 months with effect from July, 2020, as the promoters have decided to meet with lease income, the fixed expenses and statutory compliance costs. Lessee is paying the lease amount in advance every year and hence the company could meet its fixed and compliance costs.

With various financial measures, the company could perform reasonably and ended up with a net profit from operations Rs.1.10 Lakhs after providing the depreciation for Rs.0.20 Lakhs, including gains on re-measurement of employee benefits of Rs.0.67 lakhs during the year ended 31st March 2025.

Material Developments in human resources / industrial relations, including number of people employed:

The company gave its farm on long term lease and except the lease income, the company has not been carrying any other commercial operations. It had employed only five employees during the year, which includes the Managing Director. During the year ended 31st March 2025, the relations with Lessee and Employees are cordial.

A. DEVELOPMENTS IN HUMAN RESOURCES:

In a challenging and competitive environment, the Company believes that people are the key to success and continues to focus on people capabilities. During the year under review, there were no cases filed pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

B. CAUTIONARY STATEMENT:

The management discussion and analysis report containing your Company's objectives, projections, estimates and expectation may constitute certain statements, which are forward looking within the meaning of applicable laws and regulations. Actual results may differ materially from those expressed or implied in the statement. As the company had given its farm assets on long term lease and that being the only source of income for the company only the changes in the government regulations, compliance framework, tax laws and other factors, may affect the future earnings of the company.

C. DISCLOSURE OF ACCOUNTING TREATMENT:

Financial Statements during the year have been prepared, based on the prescriptions in accounting standards issued by the Government from time to time.

Independent Auditor's Report

To
The Members of
BKV Industries Limited,
Report on the Audit of the Standalone Financial Statements.

Opinion

We have audited the accompanying standalone financial statements of BKV Industries Limited (the "Company"), which comprise the Balance Sheet as at 31-March 2025 and the Statement of Profit and Loss (including the statement Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the standalone financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the afore said standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, (Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31-March 2025 and its profit, total comprehensive profit, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements. Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements for the financial year ended 31-March 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the auditors' responsibilities for the audit of the standalone financial statements section of our report, including the relation to these matters. Accordingly, our audit included the performance of the procedures designed to respond to our assessment of the risk of material misstatements of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion, on the accompanying standalone financial statements.

Auditor's Response to KAMS

Our audit procedures, among others, included the following obtained and evaluated management's assessment of the Company's ability to continue as a going concern for at least twelve months from the balance sheet date.

Reviewed the financial projections viz, the Lease Income receipt, tested the key assumptions and compared them with historical performance and available external data. Verified financing arrangements including Interest Free Loan(s) being received from the Managing Director in the past and commitments. Assessed the adequacy of the disclosures made in the financial statements regarding the going concern basis of accounting. Considered the potential impact of internal and external events (e.g., regulatory changes, economic environment) on the entity's ability to continue operations.

Based on our procedures, we found the management's assessment of going concern to be reasonable. We did not identify any material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern, and accordingly, the use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not included in the standalone financial statements and our auditors report thereon. Our opinion on the standalone Ind AS financial statements does not cover the other information and does not express any form of assurance conclusions there on.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this Auditors Report we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including comprehensive income (Profit), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. Read with the companies (Indian Accounting Standards) Rules 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgements and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the stand alone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of Standalone Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the stand alone financial statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended 31-March 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Emphasis of Matter

We draw attention to the following matters in the Notes to the financial Statements:

Note No.26 in the Standalone financial statements which indicates that the company has considerable accumulated losses, though the company earned marginal net profit during the current year, and as at the Balance Sheet Date. These conditions indicate the existence of material uncertainty that may cast significant about the company's ability to continue as a going concern. However, as the company has consistent lease income and the company is able to meet its financial commitments from time to time and hence, the accounts have been drawn up on going concern basis.

As more specifically explained in Note: 31(e) to the financial statements, the company has made a detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment and other assets. Based on current indicators of future economic conditions, the company expects to recover the carrying amount of these assets.

The company will continue to closely monitor any material changes arising of future economic conditions and impact on its business. Our opinion is not qualified in this matter.

1. Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143 (3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income(Profit), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the afore said standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure - B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, read with Schedule V to the Act. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses on long- term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The management of the Company and associates which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such associates respectively that, to the best of its knowledge and belief,
 - a) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company and by the associates to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether,

directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of any of such, associates ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) No funds have been received by the Company and respective associates from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company and any of such associates shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.
- v. The company has not declared any final or interim dividend during the year from it's inception. Hence, the applicability of Section 123 of the Act to the extent it applies to the payment of dividend does not arise. The company do not have any Holding Companies and it's subsidiary companies and joint venture companies. No associate companies have declared any interim and final dividend for the year. Hence, the question of applicability of Sec 123 of the Act, to the extent it applies to declaration of dividend approval of the members of the respective companies at the respective ensuing Annual General Meeting does not arise.
- vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure - A of Independent Auditors' Report

Referred to in Paragraph of Report on Other Legal and Regulatory Requirements of our report of even date on the Accounts of the BKV Industries Limited, for the year ended 31-March 2025.

- (i) (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (b) The Company has maintained proper records showing full particulars of intangible assets.
- (c) The company has a program of verification to cover all the items of Property, Plant and Equipment in a phased manner which in our opinion is reasonable having regard to the size of the company and the nature of its assets. Pursuant to the program certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were notified on such verification.
- (d) The title deeds of all the immovable properties of the Company shown under the Property, Plant and Equipment schedule are held in the name of Company.
- (e) The Company has not revalued it's Property, Plant and Equipment (including right of use assets) or intangible assets or both during the year.
- (f) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transaction Act, 1988 and rules made thereunder.
- (ii) The company has given it's farm on operating lease and hence does not hold any Inventory and the Company has not been sanctioned any working capital limits during the year from banks or financial institutions on the basis of security of current assets. Hence Paragraph 3 (ii) is therefore not applicable to the company.
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. -Hence, Clause 3 (iii) of the order is not applicable.
- (iv) The Company has not granted any loans/ investments/ guarantees, to which the provisions of Section 185 and 186 of the Act are applicable -Hence, Clause 3 (iv) of the order is not applicable.
- (v) The Company has not accepted deposits during the year. Hence, Clause 3 (v) of the Order is not applicable.
- (vi) As the company's farm given on operating lease and no other manufacturing activity is undertaken during the financial year 2024- 25 maintenance of cost records under section 48 does not arise. Thus paragraph 3 (vi) of CARO is not applicable to the company.
- (vii) (a) According to the information and explanations given to us, and records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and service tax, Duty of customs, cess, and any other statutory dues to the appropriate authorities. There are no arrears of undisputed statutory dues outstanding as at March 31, 2025 for a period of more than six months from the date they become payable.
- (b) According to the information and explanations given to us, and the records of the Company examined by us, there are no dues of income tax or goods and service tax or duty of customs or duty of excise or value added tax, cess have not been deposited on account of any dispute.
- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- (ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a willful defaulter by any bank or financial institution or government or government authority.

- (c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.
- (d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or associates as defined under the Companies Act. The Company does not hold any investment in any joint venture as defined under the Companies Act.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries or associate companies as defined under the Companies Act. The Company does not hold any investment in any joint venture as defined under the Companies Act.
- (x) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Hence Paragraph 3(x) of the order is not applicable to the company.
- (xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no material fraud by the Company or on the Company has been noticed or reported during the course of the audit.
(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the cost auditors, Secretarial auditors or by us in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company/as per Nidhi rules 2014 and hence, Clause 3(xii) of the Order is not applicable.
- (xiii) All the transactions with the related parties are in compliance with Section 177 and 188 of the Companies Act wherever applicable and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- (xiv) (a) The Company has an Internal audit system commensurate with the size and nature of the business.
(b) We have considered the reports of the Internal auditors for the period under audit.

- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a

period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) In our opinion and according to the information and explanations given to us, Sec 135 of the Companies Act, is not applicable to the company, as the net worth, turnover and net profit are not within the limits applicable for the CSR activity. Accordingly, clause 3(xx) of the Order is not applicable.

“Annexure -B” of Independent Auditors' Report

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date) Report on the Internal Financial Controls under Clause (I) of Subsection 3 of Section 143 of the Companies Act, 2013 (the act).

We have audited the internal financial controls over financial reporting of BKV Industries Limited (“the Company”) as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”).

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial Reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025 based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2025.**1. Corporate Information**

BKV Industries Limited ('the company') is a public limited company in India having its registered office at Guntur, in the State of Andhra Pradesh engaged in the aqua culture business. However, the company gave its aqua farm situated at Isakapally for lease for seven years from July, 2020. The address of its registered office is Bommidala House 5-87-15A, Lakshmipuram Main Road, Guntur – 522007. The Company's shares are listed and traded at BSE Limited. The financial statements were authorized for issue in accordance with a resolution of the Board of Directors on 28-May 2025.

1.2 Basis of Accounting and Preparation of Financial Statements

The Financial Statements of the Company, comprise the Balance Sheet as at March 31 2025, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow for year ended March 31, 2025 and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

Basis of Preparation & compliance with Ind AS

The financial statements have been prepared in accordance with Ind AS notified and revised under section 133 of the Companies Act, 2013 (Companies (Indian Accounting Standards) Rules, 2015) as amended from time to time) and presentation requirements of Division II of Schedule III and other relevant provisions of the Act. The Financial Statements have been prepared under the historical cost convention on an accrual basis except certain financial instruments which are measured in terms of relevant Ind AS at fair value/ amortized costs at the end of each reporting period and the defined benefit asset/(liability) is recognized as the present value of defined benefit obligation less fair value of plan assets. Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use. The Company has prepared the financial statements on the basis that it will continue to operate as a going concern. The Standalone Financial Statements are presented in Indian Rupees, which is a functional currency of the company, and all values are rounded off to the nearest Rs. In Lakhs with two decimals and negative numbers disclosed in brackets.

Current and non-current classification:

The Company presents assets and liabilities in the Balance Sheet based on Current/Non-Current classification as per Schedule III division II of Act. An asset is treated as Current when it is:

- i) Expected to be realized or intended to be sold or consumed in normal operating cycle;
- ii) Held primarily for trading;
- iii) Expected to be realized within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current. A liability is treated as Current when:

- i) It is expected to be settled in normal operating cycle;
- ii) Held primarily for trading;
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Company has considered 12 months as its normal operating cycle.

Use of estimates and judgement

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant

facts and circumstances as on the date of financial statements. The actual outcome may diverge from these estimates. Estimates and assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

1.3 Material Accounting Policies

1.3.1 Property Plant and Equipment (PPE)

Property, Plant and Equipment are stated at cost of acquisition, construction and subsequent improvements thereto less accumulated depreciation and impairment losses, if any.

Cost includes purchase price of assets or its construction cost including inward freight and other expenses incidental to acquisition or installation and adjustment for exchange differences wherever applicable and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended for its use.

For eligible assets, interest and other costs incurred on/ related to borrowings to finance such assets or fixed assets during construction period and related pre-operative expenses are capitalized.

The component of assets is capitalized only if the life of the components varies significantly and whose cost is significant in relation to the cost of the respective asset. The carrying amount of any component accounted for as separate asset is derecognized when replaced.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Capital Work in progress includes preoperative and development expenses, equipment to be installed, construction and erection materials, advances etc., net of accumulated impairment losses, if any. Such items are classified to the appropriate categories of PPE when completed and ready for intended use.

Depreciation and Amortization

Depreciation on PPE is provided as per Schedule II of the Companies Act, 2013 on Written Down Value method, over the useful life of Property (excluding the freehold land), Plant, and Equipment at all locations of the Company.

No depreciation is charged on Free hold land. Depreciation on Property, Plant and Equipment commences when the assets are ready for their intended use. The residual value for all the above assets are retained at 5% of the cost. On tangible fixed assets added / Disposed off during the year, depreciation is charged on pro-rata basis for the period for which the asset was purchased and used. Depreciation methods, useful lives, residual values are reviewed and adjusted as appropriate, at each reporting date.

1.3.2 Intangible Assets

Intangible assets are stated at cost comprising of purchase price incurred less accumulated amount of amortization and impairment losses. Such assets are amortized over the useful life using straight line method and assessed for impairment whenever there is an indication of the same.

1.3.3 Derecognition of Tangible and Intangible assets

An item of PPE is derecognized upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

1.3.4 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease.

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the lessee is classified as finance lease. A lease that no substantial transfer of risk and reward of the property to the lessee Company, throughout the period of lease such lease is classified as operating lease.

Company as a lessee:

The Company at the commencement of the lease contract recognizes a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term leases) and low-value assets. For these short term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the lease term. The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets are measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right of use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right of use assets. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment. The Company applies Ind-AS 36 to determine whether a RoU asset is impaired and accounts for any identified impairment loss as described in the impairment of non-financial assets. For lease liabilities at the commencement of the lease, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease.

Company as a lessor:

Lessor accounting under Ind AS 116 is substantially unchanged compared to IndAS17. The company has only operating lease and accounts the same as follows:

The company has classified its lease of farm to a company, as operating lease, as the company does not transfer substantially all the risks and rewards incidental to ownership of its farm assets. The company continued to present the underlying farm assets other than those of land and buildings under Property, Plant and Equipment. Farm assets of land and buildings given on operating lease, have been included in the Investment Properties. Lease income is recognized on a straight-line basis over the non-cancellable lease term, unless there is another systematic basis, which is more representative than of the time pattern of the lease. However, as per the lease agreement lease terms are as follows: a. The Company has extended 7 years lease of Farm with all assets located in the farm from July 2020 onwards to the company. b. the lease rent is agreed to increase by 10% every two years. c. Lease rent to be paid in advance every year. d. Company had agreed to provide the fencing in the boundary of the land, wherever required. The company completed the boundary fencing as agreed in the lease agreement and costs incurred have been capitalized under Investment Property and further, the company didn't take any assets on lease.

1.3.5 Investment Properties:

Recognition and Initial Measurement Investment properties are properties held to earn rentals or for capital appreciation or both. Investment properties are measured initially, at cost including the transaction costs, to bring the asset to its working condition for the intended use.

Subsequent Measurement (Depreciation and useful lives).

Subsequent costs are recognized in the assets carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and fair value of the property is disclosed in the notes. Fair values are determined on an annual evaluation performed by registered valuer. Investment properties are stated at cost less depreciation and accumulated impairment of loss, if any subsequently. Depreciation is provided on written down value method, as per the useful life of the assets as prescribed under Schedule II of the Companies Act, 2013.

De-recognition

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between net disposal proceeds and the carrying amount is recognized in the Statement of Profit and Loss in the period of de-recognition.

1.3.6 Impairment of Non-Financial Assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the recoverable amount of the asset or the cash generating unit is estimated. If such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount, the

carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If, at the reporting date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of Profit and Loss.

1.3.7 Financial Assets and Financial Liabilities Initial recognition and measurement

Financial assets and financial liabilities are recognized measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Trade receivables are recognized at their transaction value as the same do not contain significant financing component. Trade payables in respect of the amount due on account of goods or services purchased in the normal course of business and are recognized at their transaction value and services availed value as the same do not contain significant financing component.

Non-derivative financial assets Subsequent measurement

Financial assets carried at amortized cost financial asset is measured at the amortized cost, if both the following conditions are met. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Financial Assets at Fair Value Through Other Comprehensive Income (FVTOCI) - Includes assets that are held within in a business model where the objective is both collecting contractual cash flows and selling the financial assets along with the contractual terms giving rise on specified dates to cash flows that are solely payments principal and interest on principal amount outstanding. The election is made on instrument-by-instrument basis.

Financial assets at Fair Value Through Profit or Loss (FVTPL) - Financial assets at FVTPL include financial assets that are designated at FVTPL upon initial recognition and financial assets that are not measured at amortized cost or at fair value through other comprehensive income. The election is made on instrument-by-instrument basis.

As there are no investments made by the company in the categories under FVTPL and FVTOCI, the question of election of such a measurement during the period of reporting did not arise.

Impairment and Derecognition of Financial Assets: All financial assets are reviewed for impairment at least at each reporting date to identify whether there is any evidence of impairment of a financial asset or group of financial assets.

In accordance with Ind AS 109, the Company uses "Expected Credit Loss" (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12 months expected credit losses (expected credit losses that results from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that results from all possible default events over the life of the financial instrument).

For other assets, the Company uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Non-derivative financial liabilities

Borrowings, trade payables and other financial liabilities are initially recognized at the value of the respective contractual obligations. Any discount or premium on redemption / settlement is recognized in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet.

Equity Instruments

Equity Instruments are recognized at the value of the proceeds net of direct costs of the capital issue.

Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortized cost using the effective interest rate method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognized in statement of profit and loss.

The effective interest rate is the rate that discounts estimated future cash payments or receipts (including all fees and transaction costs and other premiums or discounts) through the expected life of the Financial Asset or Financial Liability to the gross carrying amount of the financial asset or to the amortized cost of financial liability or where appropriate a shorter period to the net carrying amount on initial recognition.

De-recognition of financial instruments.

The Company de-recognizes a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset, and the transfer qualifies for recognition under Ind AS 109.

A Financial liability (or a part of a Financial Liability) is derecognized from the Company's Balance Sheet when the obligations specified in the contract is discharged or cancelled or expires.

Derivative Financial instruments and hedge accounting

Derivative financial instruments are accounted for at FVTPL except for derivatives designated as hedging instruments in cash flow hedge relationships, which require a specific accounting treatment. To qualify for hedge accounting, the hedging relationship must meet strict conditions with respect to documentation, strategy, and economic relationship of the hedged transaction. For the reporting periods under review, the Company do not have any derivative instruments including forward currency contracts, and hence question of derivative and hedge accounting does not arise.

Offsetting of Financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis and to realize the assets and settle the liabilities simultaneously.

1.3.8 Inventories

Inventories are valued at lower of cost or net realizable value. Cost of inventories is ascertained on 'weighted average' basis. Net Realizable Value is the estimated selling price in the ordinary course of business less estimated cost of completion and estimated costs necessary to make the sale.

Cost in respect of raw materials and stores and spares includes all expenses incurred in bringing the material to the location and excludes the credit availed with respect to duties and taxes. Cost in respect of finished goods represents prime cost and includes appropriate portion of overheads. Cost in respect of process stock represents, cost incurred up to the stage of completion, including the landed cost of raw materials.

The company doesn't have inventories during the reporting period, hence not applicable.

1.3.9 Cash and cash equivalents

Cash and cash equivalents includes cash on hand, cheques on hand and demand deposits with banks with original maturities of three months or less.

1.3.10 Provisions, Contingent Liabilities and Contingent Assets**Provisions**

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an out flow of resources and a reliable estimate can be made of the amount of obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provision for onerous contracts.

An onerous contract is a contract in which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The Company at the end of every reporting period conducts the onerous contract test as per the provisions of Ind AS 37 by comparing the remaining costs to be incurred under the contract with the related revenue of the contract. Where the costs of a contract exceed the related revenue of the contract, the Company makes a provision for the difference.

Contingent Liabilities

Contingent liabilities are not recognized and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence of one or more uncertain future events not wholly within the control of the Company or when there is a present obligation that arises from past events where it is either not probable that an out flow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

Contingent Assets

Contingent assets are not recognized but disclosed in the Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

1.3.11 Employee Benefits**Short term Benefits**

Employee benefits are accrued in the year in which services are rendered by the employees. Short term employee benefits are recognized as an expense in the Statement of Profit and Loss for the year in which the related service is rendered and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

Post-employment Benefits

Contribution to defined contribution plans such as Provident Fund, ESI, Compensated Absences, are not applicable to the company, as the number of employees is lower than the prescribed limit under the respective Acts.

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972 as well as in accordance with the rules of the Company. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation, or termination of employment, of an amount based on the respective employee's salary and the tenure of Employment. The liability or asset is recognized in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets, if any. The defined benefit obligation is calculated annually by the Actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash out flows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation. The company do not have any plan assets for meeting the gratuity liability.

Re-measurement gain and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period they occur, directly in other comprehensive income net of taxes. They are included in retained earnings through OCI in the statement of Changes in equity and in the balance sheet. Past-service costs are recognized immediately in Statement of Profit and Loss.

Other long term employee benefits

The Company does not have a policy of leave encashment or other long-term employee benefits, as the number of employees is below the statutory threshold requiring such benefits under applicable laws. Accordingly, no provision has been made in these financial statements.

1.3.12 Revenue Recognition**Revenue Recognition**

The Company recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. A 5-step approach is used to recognise as below:

Step 1 : Identify the contract(s) with a customer

Step 2 : Identify the performance obligation in contract.

Step 3 : Determine the transaction price.

Step 4 : Allocate the transaction price to the performance obligations in the contract.

Step 5 : Recognise revenue when (or as) the entity satisfies a performance obligation.

Revenue from sale of goods

Revenue from sale of components is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The Company considers whether there are other promises in the contract that are separate for performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of goods, the Company considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within one year and therefore are all classified as current. Where the settlement is due after one year, they are classified as non-current. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value. The Company holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortized cost using the effective interest method.

Contract Assets

A contract asset is the entity's right to consideration in exchange for goods or services that the entity has transferred to the customer. A contract asset becomes a receivable when the entity's right to consideration is unconditional, which is the case when only the passage of time is required before payment of the consideration is due. The impairment of contract assets is measured, presented, and disclosed on the same basis as trade receivables.

Contract Liability

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

Impairment

An impairment is recognized to the extent that the carrying amount of receivable or asset relating to contracts with customers (a) the remaining amount of consideration that the Company expects to receive in exchange for the goods or services to which such asset relates; less (b) the costs that relate directly to providing those goods or services and that have not been recognized as expenses.

Lease income

Lease income is recognized on a straight-line basis over the non-cancellable lease term, unless there is another systematic basis which is more representative than the time pattern of the lease. Revenue from lease rentals is disclosed net of indirect taxes, if any.

Sale of services

Revenues from fixed-price and fixed-time frame contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, are recognized to the extent the Company has rendered the services, as per the contractual arrangements. Revenue is measured at the fair value of the consideration received or receivable in exchange for transferring the promised services, taking into account contractually defined terms of payment, and excluding taxes or duties collected on behalf of the government.

Other Income

Interest income

Interest is recognized using the effective interest rate (EIR) method, as income for the period in which it occurs. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the

Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, security deposit, prepayment etc.) but does not consider the expected credit losses.

Dividend Income

Dividends Revenue is recognized when the Company's right to receive the payment is established.

1.3.13 Borrowing Costs

Borrowing costs directly attributable to the acquisition and/or construction of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred.

1.3.14 Taxes on Income

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognized in the income statement except to the extent that it relates to items recognized directly in equity or other comprehensive income. Current income tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Standalone Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax assets are recognized for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

As there is substantial carry forward depreciation losses, and it is not probable that there will be taxable profits, in the near future, hence, no current tax and deferred tax asset is recognized by the company.

1.3.15 Foreign Currency Transactions and Derivatives

Transactions in foreign currencies are translated into the functional currency at the exchange rates prevailing on the date of the transactions. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate as at the date of transaction and are not re-translated. The gain or loss on decrease/ increase in reporting currency due to fluctuations in foreign exchange rates, in case of monetary assets and liabilities in foreign currency, are recognized in the Statement of Profit and Loss.

1.3.16 Segment Reporting

Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker (CODM), The Executive Chairman and Managing Director is designated as the CODM. However, the company during the period under reporting have only one segment of lease income from the farm, and accordingly, Company has the single segment as per the requirements of Ind AS 108 - Operating Segments. All assets are located in India and revenue of the Company is earned in India hence, there is single geographic segment.

1.3.17 Earnings Per Share

Basic earnings per share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

1.3.18 Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorization for issue. Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted but disclosed. No adjusting or significant events have occurred between 31st March 2025 and the reporting date and the date of authorization.

1.3.19 Cash Flow Statement

Cash flows are reported using the indirect method, whereby the profit/(loss) and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The Cash flows from operating, investing, and financing activities of the Company are segregated based on available information.

For this purpose, cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short term balances with original maturity of three months or less from the date of acquisition, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.4. Significant management judgement in applying accounting policies and estimation uncertainty.

1.4.1. The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions about the recognition and measurement that affect the reported amounts of revenues, expenses, assets and liabilities and the related disclosures.

1.4.2 Recognition of deferred tax assets - The Company uses judgement to determine the amount of deferred tax that can be recognized, based upon the likely timing and the level of future taxable profits and business developments. It is not probable that there will be taxable profits, in the near future, hence, no current tax and deferred tax asset is recognized by the company.

1.4.3 Evaluation of indicators for impairment of non-financial assets in assessing impairment, management has estimated economic usefulness of the assets, the recoverable amount of each asset or cash-generating units based on expected future cash flows and use of an interest rate to discount them. Estimation of uncertainty relates to assumption about economically future operating cash flows and the determination of a suitable discount rate.

1.4.4 Classification of leases - The Company entered into leasing arrangement for farm assets. The classification of the leasing arrangement as operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term.

1.4.5 Impairment of financial assets at each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding financial assets. The company has been keeping its surplus funds temporarily in short-term deposits with the Banks, however, at the year end, all the deposits are uncashed and bank balances considered under cash and cash equivalents which are subject to an insignificant risk of changes in value.

1.4.6 Provisions at each Balance Sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement. However, the company do not have any contingent liabilities as at the year end.

1.4.7 Useful life of depreciable assets - Management reviews its estimates of the useful lives of Property Plant, and Equipment, Investment Property and Intangible Assets at each reporting date, based on expected utility of the assets.

1.4.8 Defined benefit obligation (DBO) - Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

1.4.9 Fair value measurements - Management applies valuation techniques to determine the fair value of financial instruments where active market quotes are not available. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management based its assumptions on observable data as far as possible but where it is not available, the management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction on the reporting date.

1.5 Recent accounting pronouncements

The Ministry of Corporate Affairs ("MCA") notified new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules, as issued from time to time. The Company evaluated the following amendments for the first-time during the current year which are effective from 1 April, 2024.

Ind AS 116 - Lease liability in a sale and leaseback

On 9 September 2024, MCA notified amendments to Ind AS 116 via Companies (Indian Accounting Standards) Second Amendment Rules, 2024. The amendments require an entity to recognise lease liability including variable lease payments which are not linked to index or a rate in a way it does not result in gain on Right of Use asset it retains. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Introduction of Ind AS 117 - Insurance contracts

On 12 August 2024 MCA notified the introduction of Ind AS 117 - Insurance contracts via Companies (Indian Accounting Standards) Amendment Rules, 2024. It is a comprehensive standard that prescribes, recognition, measurement and disclosure requirements, to avoid diversities in practice for accounting insurance contracts and it applies to all companies i.e., to all "insurance contracts" regardless of the issuer. However, Ind AS 117 is not applicable to the entities which are insurance companies registered with IRDAI. The Company has evaluated the amendments and there is no impact on its standalone financial statements.

24. The company during the period under reporting have only one segment of lease income from the farm. The CODM is responsible for allocating resources and assessing performance of the operating segment. The Company has monthly review and forecasting procedure in place and CODM reviews the operations of the Company as a whole. Accordingly, Company has the single segment as per the requirements of Ind AS 108 - Operating Segments. All assets are located in India and revenue of the Company is earned in India hence, there is single geographic segment. Hence no separate segment reporting is required.
25. Foreign Exchange Earnings/ Outgo – NIL
26. The company's ability to continue as a going concern.
The Company has accumulated substantial losses, however, the Company earned marginal net profit during the current year and previous year. Even the current assets exceed the current liabilities which may not indicate existing of material uncertainty about the company's ability to continue as a going concern. As the company has consistent lease income and extended the existing lease period of the farm by seven years from July 2020, as the lease income is a consistent to the company to meet its commitments, and hence, the company accounts have drawn upon going concern basis.
27. As per the limits specified under Companies Act, 2013, the company's operations do not satisfy the criteria of Corporate Social Responsibility (CSR), hence the provisions of expenditure on CSR are not applicable.
28. Fair Value Measurement Hierarchy:
The Company categorizes financial assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which are used inputs that have a significant effect on the recorded fair value that are not based on observable market data.

29. Financial Risk Management

(a) Nature and extent of risks arising from financial instruments and respective financial risk management objectives and policies. The Company's principal financial liabilities comprise borrowing from the Managing Director, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations, as and when required. The Company's principal financial assets include the loans, deposit, cash and short- term deposits that derive directly from operations.

In view of limited operations viz., leasing income and meeting the corporate compliances, the Company is marginally exposed to market risk, credit risk and liquidity risk. The Board discusses on financial risks and appropriate risk governance frame work for the Company. The Company's financial risk activities are governed by appropriate policies and procedures and that the risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board review and agree policies for managing each of these risks, which are summarized below:

i. Market risk

Market risk or uncertainty arising from possible events and circumstances from business movement and their impact on future performance of business. As the company entered into seven years lease agreement during July 2020 for its farm for seven years with lease rent to meet it's commitments and the lessee is meeting the commitment in advance, hence the uncertainty is very limited. Hence there is no price and market risks.

The Company is exposed to market risk through its financial instruments and specially to interest rate and risk, price risks, which results from both its operating and investing risks. During the current year, the company do not have any other operations than the leasing and investments others than the Electricity Deposit with state government and cash and bank balances which are highly liquid investments that are readily convertible to known amounts of cash and which are subject to an in significant risk of changes in value. Hence, the company do not perceive any risk on this count.

The company do not have any operations in the foreign currency, hence there is no foreign currency fluctuations risk.

ii. Interest rate risk

As there are no investments and borrowings in the market, the company do not get exposed to any interest rate risk, other than investing the surplus funds in short term bank deposits.

iii. Credit risk

Credit risk is the risk that the counter party will not meet its obligations under a financial instrument or customer contract, leading to financial loss. The company is exposed to only other operating activity viz., lease income. With respect to the lease income and generally the advance payment is received during the second quarter for the entire ensuing year, hence the credit risk is very limited.

iv. Liquidity risk

The Company's objective is to meet the day to day operational commitments in time, as there are only limited operations other than the compliance and leasing activity, the Company manages its activity with the lease income and in case of any exigency, the Company resorts to the borrowings from the Managing Director for a short term, which will generally be repaid once, the lease income is received. Hence, with limited operations, the company do not foresee any liquidity risk.

v. Business concentration risk:

The company is solely depending upon the lease income from one customer, which is highly concentrated risk. However, from the past twelve years of track record of the lessee, it is clear that the lease payments for the whole year is received in advance, and the company has only lease operations and was incurring the asset maintenance costs in addition to the compliance costs. Hence, the Board had considered the concentration risk while taking the decision of extending the lease from July 2020.

vi. Sensitivity analysis:

The sensitivity analysis have been determined based on the exposure to interest rates for debt obligations with floating rates. The impact on the Company of movement in interest rate by 100 basis points higher or lower and considering all other variables constant, is not material, as the company do not have any debt obligations.

b. Capital Management

Company's capital comprises of equity share capital, retained earnings and other equity attributable to equity holders. The primary objective of company capital management is to maximize the shareholder value. The Company manages its capital and makes adjustments to it in the light of economic and market conditions. The Capital as on 31-March, 2025 is Rs.448.45 lakhs (Previous year Rs. 447.35).

30. Micro, small and medium enterprises

The identification of micro, small and medium enterprise suppliers as defined under the provisions of "Micro, small and medium enterprises Act, 2006" is based on Management's knowledge of their status. Kindly refer Balance Sheet note no. **11(b)** for details of trade payables to micro and small enterprises.

31. A. Revenue streams
